FAMILY AND COMMUNITY INVOLVEMENT

■ Family Participation

In a democracy, parents and guardians are encouraged and welcomed to become involved in the formal education of their children enrolled in public schools. This early and consistent parental involvement helps children to do well academically. When this involvement is combined with a partnership between home and school, the student, the school and the community benefit.

Parents and guardians of enrolled students have the right to be included in the educational process and to have access to the system on behalf of their children. These rights are outlined in Chapter 864, Statutes of 1998 and Education Code Section 51101 as follows:

Classroom Observing: Parents have the right to visit their child's classroom to observe activities. The time and date of the visitation must be arranged in advance with the school.

Teacher Conferencing: Parents have the right to request a conference with their child's teacher(s) or the principal. Parents should contact the school to schedule a date and time convenient to all participants.

Volunteering: Parents have the right to volunteer their time and resources for the improvement of school facilities and programs. Parents should contact the school to determine the terms and conditions of this service.

Student Testing: Parents have the right to be notified of their child's performance on standardized and statewide tests and the school's ranking on these tests.

Safe School Environment: Parents have the right and are entitled to the assurance of a safe and supportive learning environment for their child.

Curriculum Materials: Parents have the right to examine the curriculum materials of the class or classes in which their child is enrolled.

Student Academic Progress: Parents have the right to be informed of their child's academic progress in school and of the persons to contact if they wish more information or assistance with their child.

Student Records: Parents have the right to access their child's records and to question anything they feel is inaccurate or misleading or an invasion of privacy. Parents have the right to a timely response from the school district about their questions.

Standards: Parents have the right to receive information regarding the academic standards their child is expected to meet.

Councils and Committees: Parents have the right to participate as a member of a parent advisory committee, school-site council, or site-based management leadership team in accordance with established rules and regulations for membership.

Parent Involvement: Parents and guardians have the right and should be given the opportunity to work in a mutually supportive and respectful partnership with the school to help their child succeed.

■ Community Relations

The Governing Board believes that it is important for parents/guardians and community members to take an active interest in the issues affecting district schools and students. Therefore, the Board encourages interested parents/guardians and community members to visit the schools and participate in the educational program. [BP 1250 November 2012]

As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. Please read carefully. Please return the signed form to your school site. This page talks about when your child is absent from school. Only in certain cases is it permissible for a student to miss school.

Teachers build your child's education one day at a time, so every day is essential. In elementary, middle, junior, and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

■ Non-Mandatory Programs for Parental/Pupil Participation

Schools may not require a student or student's family to submit to or participate in any assessment, analysis, evaluation, or monitoring of the quality or character of student home life, parental screening or testing, nonacademic home-based counseling program, parent training, or prescribed family educational service plan. [EC 49091.18]

ATTENDANCE

■ General Absences

Children cannot learn if they are not in school. Children learn early about being on time and not missing school. Daily school attendance improves student achievement. Teach your child to be on time and that school attendance is an important family value. For children ages 6 to 18 years, daily school attendance is compulsory.

It is also important that you know the state only awards funding to school districts for actual attendance. The state does not fund districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, still rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences result in a recorded truancy.

A. Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

1. Due to the pupil's illness.
2. Due to quarantine under the direction of a county or city health officer.
3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
4. For the purpose of attending the funeral services of a member of the pupil's immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.

5. For the purpose of jury duty in the manner provided for by law.
 6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child for which the school shall not require a note from a doctor.
 7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
 8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
 9. For the purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
 10. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
 11. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.
- B. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- C. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.

- D. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- E. "Immediate family," as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil. [EC 48205, 48205.5, 48260]

Districts may allow students, with parental or guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

■ Leaving School at Lunch Time

"The Governing Board of the Durham Unified School District, pursuant to Section 44808.5 of the Education Code, has decided to permit pupils enrolled at Durham High School to leave the school grounds during the lunch period. Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this section." The district permits students in grades 9 - 12 this privilege. [EC 44808.5]

■ Minimum Days/Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month's notice. Please see student calendar included in the annual Parent Information Guide. [EC 48980]

■ Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Many districts, by agreement, also allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in inter-district transfers. In some cases, the district must provide transportation. Students attending "persistently dangerous" schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48206.3, 48300, 48301, 48306, 48980, 49068, 51101; 20 USC 7912]

Interdistrict Attendance:

The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

Interdistrict Attendance Agreements and Permits

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts.

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed to by both districts for reapplication and/or revocation of the student's permit.

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Students shall be admitted to district schools through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether or not a student should be enrolled based upon the student's academic or athletic performance, physical condition, proficiency in English, any of the individual characteristics set forth in Education Code 200, or family income.

If the number of transfer applications exceeds the number of transfers the Board has elected to accept, approval for transfer shall be determined by a random drawing held in public at a regularly scheduled Board meeting.

Because the district admits students in accordance with the school district of choice program, the Superintendent or designee shall not admit students based on individual interdistrict attendance permits pursuant to Education Code 46600-46610 except under extraordinary circumstances.

The Superintendent or designee shall keep an accounting of all requests for admittance and a record of their disposition, including, but not limited to, all of the following:

1. The number of requests granted, denied, or withdrawn and, for denied requests, the reason for the denial

2. The number of students transferred into and out of the district pursuant to this program
3. The race, ethnicity, gender, self-reported socioeconomic status, eligibility for free or reduced-price meals, and the district of residence for each student transferred into or out of the district pursuant to this program
4. The number of students transferred into or out of the district pursuant to this program who are classified as English learners or students with disabilities
5. As applicable, the number of students described in items #3 and 4 above who are provided transportation assistance to a district school or program, and the total number of students provided transportation assistance, pursuant to the school district of choice program

The Superintendent or designee shall report to the Board, at a regularly scheduled meeting, the information specified in items #1-5 above. No later than October 15 of each year, the Superintendent or designee shall provide the same information for the current school year, as well as information regarding the district's status as a school district of choice in the upcoming school year, to each geographically adjacent school district, the county office of education, and the Superintendent of Public Instruction. (Education Code 48313)

The district's compliance with specified program requirements shall be reviewed as part of the annual district audit conducted pursuant to Education Code 41020. (Education Code 48301)

Transportation

The district shall not provide transportation beyond any school attendance area. Upon request of a student's parent/guardian, the Superintendent or designee may authorize transportation for an interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends if space is available. [BP 5117 April 2019; EC 41020, 46600-46610, 48204, 48300-48317, 48900, 48915, 48915.1, 48918, 48980, 48985, 52317, California Constitution, Article 1, Section 31]

Attendance Where Caregiver Resides:

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a), 48980; FC 6550-6552]

Attendance in District in Which Parent or Guardian is Employed:

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of his/her employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(a)(7), 48980]

Enrollment of Homeless or Foster Youth:

Foster and homeless children living in the District shall be permitted to attend a school in the District unless they: 1) stay enrolled at their school of origin outside the District, 2) their Individual Education Plan (IEP) indicates attendance elsewhere, or 3) the parent or guardian, with knowledge of all options, declares in writing otherwise. They also have rights to expedited enrollment in school, attend classes and programs (pending proof of immunization), and free after-school programs. In some cases, fees are waived. The school district and each school site have complete documentation of the rights of homeless and foster youth. [EC 48204, 48850-48859, 48645.3, 51225.1, 56055; 5 CCR 4622; WIC 361, 726; 42 USC 11301, 11432]

■ Individualized Instruction

You must notify the school if your child has a temporary disability and cannot attend regular classrooms. If your temporarily disabled child is located outside your school district, notify both the district where your child resides and where the child is located. Within five (5) days of notice, the district(s) will determine if the student qualifies, and within five (5) days of the determination commence instruction in the home or in a hospital or other residential health facility. The district(s) will notify you if your child qualifies, when instruction will begin and for how long it will continue. Each hour of instruction at home or in a facility will count as a full day but cannot exceed 5 days per week nor the number of days in the school year. [EC 48206.3, 48207, 48207.5, 48208, 48980]

Pregnant or Parenting Students

Pregnant or parenting students who are 18 years old or who have permission from their parent/guardian may an excused leave for up to 8 weeks or more without having to complete school work, other requirements, or penalties. They may return to the same school and courses where they are provided time to make up work. They can attend an alternative program with access to

comparable courses, programs and activities. They may have a fifth year to complete high school graduation requirements; or, if administration determines it's possible, they can complete requirements in four years. Complaints about these rights can be made using the Uniform Complaint Procedure. [EC 4600, 46015, 48200, 48980]

■ Truancy

The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. The three are truant, habitual truant, and chronic truant.

Truant: A student is truant after missing three days of school or three 30-minute periods without a valid excuse.

Habitual Truant: If a student is truant three or more times in a school year and an effort is made to meet with parents, then the student is a habitual truant.

Chronic Truant: A chronically truant student has missed 10 percent or more school days in a school year.

Interventions: Students who are habitually truant, miss a lot of school or disorderly can be referred to a student attendance review board (SARB), a district attorney mediation program, or the county probation department. Through these programs the student can be given guidance to meet special needs for improving attendance or improving school behavior. The goal is to intervene before a student enters the juvenile justice system or drops out.

Student Penalties: Please see student handbook for school attendance policies.

Parent Penalties: In Education Code; first conviction – up to \$100 fine; second conviction – up to \$200 fine; third – up to \$500 fine. In Penal Code; parents of elementary students who are chronic truants face a fine up to \$2,000; imprisonment up to one year; or both. They may also be scheduled to meet regularly with district staff and/or referred for help. It is recommended that the parent or guardian attend classes at school with the student for one day.

■ Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance,

initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

■ District Courses

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost. Parents/Guardians have the right to review all course material. [EC 49091.14, 51101; PPRA]

School Counselors

School counselors are trained educators possessing a valid teacher credential with a specialization in pupil personnel services. As specialists in child and adolescent development, school counselors coordinate the objectives, strategies, and activities of a comprehensive counseling program, and they serve as representatives on district and/or school guidance teams such as school attendance review boards. Counselors help students in grades 7-12 prepare for college or career planning. They guide students through all the steps including information about financial aid, academic requirements, and careers. Most counselors are available by appointment and will meet with students and their families. [EC 48980, 49600, 51229]

■ Academic and non-academic courses, classes, electives, activities, sports, and related facilities

State and federal law require academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities be available to all students without regard to their gender or gender identity, and irrespective of the gender listed in their records. Beginning in seventh grade counselors will meet with each student regarding course selection. Staff will not counsel students into programs, courses, or careers based on their gender or gender identity. The District Uniform Complaint Procedure may be used to file a complaint. [EC 221.5, 221.8, 49600, 48900; GC 11135, 11138; Title VI, Title IX; § 504; California Interscholastic Federation (CIF) 300D]

■ California State Academic Standards

California along with most other States developed and adopted common academic standards in core curriculum areas. They are rigorous, internationally benchmarked, and research- and evidence-based.

Each district in California decides how they will teach and what resources they will use. California launched a computer-based student testing system that ties to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604.5, 60615]

Statewide Testing Notification

California students take several mandated statewide tests. These tests provide parents/guardians, teachers, and educators with information about how well students are learning and becoming college and career ready. The test results may be used for local, state, and federal accountability purposes.

The California Assessment of Student Performance and Progress (CAASPP) tests consist of the following:

● Smarter Balanced Assessment Consortium Assessments

The Smarter Balanced computer adaptive assessments are aligned with the Common Core State Standards (CCSS). English language arts/literacy (ELA) and mathematics tests are administered in grades three through eight and grade eleven to measure whether students are on track to college and career readiness. In grade eleven, results from the ELA and

mathematics assessments can be used as an indicator of college readiness.

● California Science Tests (CAST)

The computer-based CAST measures students' achievement of the California Next Generation Science Standards (CA NGSS) through the application of their knowledge and skills of the Science and Engineering Practices, Disciplinary Core Ideas, and Crosscutting Concepts. The CAST is administered to all students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve).

● California Alternate Assessments (CAAs)

Only eligible students—students whose individualized education program (IEP) identifies the use of alternate assessments—may participate in the administration of the CAAs. Test examiners administer the computer-based CAAs for ELA, mathematics, and science one-on-one to students. Students in grades three through eight and grade eleven will take the CAA for ELA and mathematics. Test items developed for ELA and mathematics are aligned with the CCSS and are based on the Core Content Connectors.

Students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve) will take the CAA for Science. The CAA for Science embedded performance tasks are based on alternate achievement standards derived from the CA NGSS. Students taking the CAA for Science will take three embedded performance tasks in spring 2019.

● California Spanish Assessment (CSA) for Reading/Language Arts

The optional CSA for Reading/Language Arts in Spanish is aligned with the California Common Core State Standards en Español. This computer-based test allows students to demonstrate their Spanish skills in listening, reading, and writing mechanics.

Pursuant to California Education Code Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all of the CAASPP assessments.

English Language Proficiency Assessments for California

California transformed from the California English Language Development Test (CELDT) to the English Language Proficiency Assessments for California (ELPAC) in 2017–18. The ELPAC is aligned with the 2012 California English Language Development Standards. It consists of two separate English Language Proficiency (ELP) assessments: one for the initial identification of students as English learners and the other for the annual

summative assessment to identify students' English language proficiency level and to measure their progress in learning English.

Physical Fitness Test

The physical fitness test for students in California schools is the FitnessGram®. The main goal of the test is to help students in starting lifelong habits of regular physical activity. Students in grades five, seven, and nine take the fitness test.

LCFF and LCAP

The LCFF (Local Control Funding Formula) changed the way the State provides money to school districts. Under this system, school districts receive a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 55% of the district's enrollment. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The LCAP (Local Control Accountability Plan) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. The LCAP must focus on eight areas identified as State priorities:

- | | |
|--------------------------------------|-------------------------|
| 1. Basic Services | 5. Pupil Engagement |
| 2. Implementation of State Standards | 6. School Climate |
| 3. Parental Involvement | 7. Course Access |
| 4. Pupil Achievement | 8. Other Pupil Outcomes |

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The plan will demonstrate how the district's budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Anyone can comment about proposals or expenditures to the school board; at parent, student, community engagement meetings; at staff LCAP meetings; or to the district LCAP Advisory Committee. Complaints regarding LCAP may be filed anonymously or using the District Uniform Complaint Procedures. [EC 305, 47606.5, 47607.3, 52060-52076, 5 CCR 4600, 4622]

Language Learning Programs

The District offers a language learning program, Structured English Immersion — nearly all classroom instruction is in English. [EC 306, 310(b)(2)]

Homeless, Migratory, Foster, Military, and Juvenile Court Youth

Homeless, migratory, foster, military family, juvenile

court youth, or youth participating in a newcomer program have special rights related to graduation and partial high school credits. They have the right to an adult to help make educational decisions. Foster and homeless youth also have special rights associated with college funding, and certain considerations in school discipline. The District Uniform Complaint Procedure may be used to file a complaint. [EC 48645.3, 48645.5, 51225.1-51225.3, 56055; 5 CCR 4622; WIC 361, 726]

Curriculum and Personal Beliefs

Whenever any part of the instruction in comprehensive sexual health, sexual abuse, or human trafficking prevention education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction if you request an excuse in writing. No student shall be penalized, sanctioned, or disciplined for such an excuse, and shall have an alternative education activity available. [EC 51240, 51938, 51950]

Family Life, Human Development, and Sexual Health Education

Your child will be taking classes in compliance with the California Healthy Youth Act. These will include instruction in comprehensive sexual health education, HIV prevention education, and research findings regarding pupil health behaviors and risks. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker for ten cents (10¢) per page. You will be notified before such instruction, and have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. In this District, staff teaches these classes. During this class, students in grades 7-12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at www.leginfo.ca.gov. [EC 51933, 51934, 51937-51939]

You will be asked for written permission except for exempt surveys (in grades 7-12) that are part of sexual health programs or State surveys. Parents may opt their child(ren) out of all surveys, without penalty, including those seeking information to be used in marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. Notice will be sent to parents prior to such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child’s objection. [EC 32255]

SCHOOL RECORDS AND STUDENT ACHIEVEMENT

■ Pupil Records

Parents, guardians, foster parents, certain caregivers, and students over 18 have the right to review, get copies, and inspect school records within five business days of a written or oral request or before any meeting regarding an individualized education program or a hearing. Those records are confidential, and privacy will be maintained. Student records are provided to schools where student transfers or wants to enroll. In some instances information about your child may be released to District staff, foster agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health information. The records are maintained at the school sites by site secretaries. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation 5125 sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for ten cents (10¢) per page. If you cannot afford the cost of copies they will be provided free of charge. You also have the right to file a written request with the superintendent challenging the records. You can challenge the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, comment not based on personal observation with time and date noted, misleading information, or violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent

or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student's record. [EC 8484.1, 49063, 49060, 49068, 49069, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR Part 99]

For a smoother transition, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. Also, students can be registered in their district of choice, but must provide proof of residency within 10 days. [EC 51225.1, 51225.2]

Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

Release of Student Records/Compliance With Subpoena or Court Order

Districts are required to make a reasonable effort to notify parents in advance of disclosing student information pursuant to a subpoena or court order. [EC 49076, 49077]

Release of Student Records to School Officials and Employees of the District

Districts may release educational records, without obtaining prior written parental consent, to any school official or employee, which would include accountants, consultants, contractors, or other service providers, who have a legitimate educational interest in the educational record. [EC 49076(a)(1), 49064(d)]

■ Regulations Regarding Pupil Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

■ Teacher Qualifications

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on

the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.61]

■ Release of Directory Information

The law allows schools to release “directory information” to certain persons or organizations including military recruiters. Directory information includes student’s name, address, telephone number, email address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous school attended. You may have the district withhold any of this information by submitting a request in writing. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

■ School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, disasters, and criminal activity. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

STUDENT SERVICES

■ Student Meal Program

The District’s Food Service Department serves breakfast and lunch daily, and seeks to ensure no child is denied meals. The meal program is self-sufficient so that other student services are not impacted when meals are not paid for. Students may pay for meals on a per-meal basis or by contacting the Food Services Manager at dsightom@durhamunified.org. The District will contact you if your account is twenty dollars (\$20) behind. The District may be able to create a repayment plan or to explain the Free and Reduced meal plan; participation in

the plan is confidential. [EC 49510-49520, 49558; 42 USC 1761(a)]

The student meal prices are:

Elementary School	\$2.85
Intermediate and High School.	\$3.20

■ Student Use of Technology

The Governing Board intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. All students using these resources shall receive instruction in their proper and appropriate use.

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with this Board policy and the district’s Acceptable Use Agreement.

District technology includes, but is not limited to, computers, the district’s computer network including servers and wireless computer networking technology (wi-fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

Before a student is authorized to use district technology, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement. In that agreement, the parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages,

instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and BP/AR 5125 - Student Records.

Whenever a student is found to have violated Board policy or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

Internet Safety

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors.

The district's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of

electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs
2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking"
3. Distributing personal identification information, including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting one's own personal identification information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. [BP 6163.4 January 2016; EC 49073.6, 51006, 51007, 60044; PC 313, 502, 632, 653.2; 15 USC 6501-6506; 20 USC 6751-6777; 47 USC 254; 16 CFR 312.1-312.12; 47 CFR 54.52]

■ School Accountability Report Card

The School Accountability Report Card is available on request, and is available annually by February 1st on the Internet at www.durhamunified.org. It contains information about the district and school regarding the quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. [EC 33126, 32286, 35256, 35258, 51101]

■ English Language Education

State law requires that all students be taught English by being taught in English. However, this requirement may be waived by parents with prior written informed consent, which shall be provided annually, under specified circumstances. See your school principal for further information. [EC 310]

Limited English Proficient Students

The No Child Left Behind Act of 2001 requires prior notice be given to parents of limited English proficient students regarding limited English proficiency programs, including the reasons for the identification of the student as limited English proficient, the need of placement in a language instruction educational program, the student's level of English proficiency, how such level was assessed, the status of the student's academic achievement, the methods of instruction used in the programs available, how the recommended program will meet the student's needs, program performance, parent options to remove a student from a program and/or to decline initial enrollment, and expected rate of transition into classrooms not tailored for limited English proficient students. [AR 6174]

■ Services to Students with Disabilities

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, contact the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. The District has policies guiding procedures for identification and referral. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

Special Education

State and federal law requires that a free appropriate public education (FAPE) in the least restrictive environment be offered to qualified pupils with disabilities ages 3 through 21 years. More information concerning student eligibility, parental rights and procedural safeguards are available upon request. [IDEA]

■ Advanced Placement Examination Fees

State funding is available to qualified low-income students to assist in paying all or part of Advanced Placement exams. [EC 48980, 52240]

■ Pupil Fees

While there are limited exceptions, families and students should not have to pay fees for most items

related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging of fees or deposits. These exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal and may be filed anonymously.

HEALTH SERVICES

■ Immunizations

Students may not be admitted to a classroom setting in school unless he/she has been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, tetanus, and varicella (chickenpox). Students must be immunized for varicella or provide proof from a doctor stating child has had the disease. All advancing students, new students, or transferring students in grades 7 through 12 must be fully immunized, including a required booster against pertussis (Tdap). They shall not be admitted without the Tdap booster. Homeless and foster youth can be enrolled without proof of immunization.

It is this district's policy that there be no "conditional" admittance to schools. Documented proof that immunizations are up-to-date is required before attending school. These requirements do not apply if a note from licensed physician cites why they should not. The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services.

If an outbreak of a communicable disease occurs at a school, the non-immunized student will be excluded for his/her own safety until such a time as directed by health officials or district administration.

Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying the County Health Department listed in this section. [HSC 120325, 120335, 120338, 120370, 120375, 120400, 120405, 120410, 120415, 120480; EC 48216, 49403, 48852.7, 48853.5; 17 CCR 6000-6075; 42 USC 11432(C)(i)]

■ Physical Examinations

For each child enrolling in the District for the first time, including for kindergarten or first grade, the parent or guardian must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact:

Butte County Health Department
695 Oleander, Chico, CA 95926
(530) 891-2731

If you want your child to be exempt from physical examinations at school, file a written statement annually with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPR]

Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child's school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child's oral health assessed and have proof of the assessment by May 31 of the student's first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

Vision, Hearing, and Scoliosis Screening

An authorized person will check your child's vision upon enrollment and in grades 2, 5, and 8 unless the student entered the District in grade 4 or 7. Hearing tests will be conducted when your child is enrolled or first enters a District school. Females in grade 7 and males in grade 8 may be screened for scoliosis (curvature of the spine). These tests may be administered unless you annually give the school a certificate from a physician or optometrist verifying prior testing, or submit a letter denying consent. [EC 44878, 49451, 49452, 49452.5, 49455]

■ Medication

Children may take medication, which is prescribed by a physician, received in its original container, and can get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. This includes allowing a school staff member to volunteer to identify the need for, and administer glucagon and epinephrine to a student. The letter gives permission to a district representative to communicate with the health care provider, pharmacist and acknowledge understanding of how the medication will be administered. Each school determines if it will have staff trained in the use and storage of auto-injectable

epinephrine. The District will have a supply of epi-pens at each school site. [EC 49414, 49414.3, 49414.5, 49423, 49480]

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. [EC 49414, 49414.5, 49423, 49423.1, 49480]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

■ Sun Protection

Students when outdoors can wear sun protective clothing, including, but not limited to hats. Students may also apply sunscreen during the day without a doctor's note or prescription. [EC 35183.5, 35291]

■ Medical and Hospital Insurance for Students

The district DOES NOT provide insurance on individual students. However, you may purchase accident insurance for medical and hospital services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49472]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]

Enrollment in a Health Care Plan

All children enrolling in kindergarten, first grade, or transferring into the district and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered

California at (800) 300-1506 or online at www.coveredca.com. [EC 49452.9; PPACA]

School-Sponsored Athletics

If a student participates in school-sponsored athletics other than physical education or athletic event during the school day, parents/guardians and the student athlete are required to annually; (1) complete a concussion awareness form, (2) complete a sudden cardiac arrest awareness form, and (3) sign a document acknowledging receipt of an Opioid Factsheet received either in print or electronic format. [EC 33479, 49475, 49476]

■ Student Access to Mental Health Services

School-based mental health services help address barriers to learning and provide appropriate student and family support in a safe and supportive environment. Reaching out for mental health services is simple; contact Ms. Carmina Vital, (530) 895-4697 ext 247, your school counselor, nurse, health aide, principal, or the district office. In the community a good place to start may be to dial 211 for referrals in your area or call Butte Co. Behavioral Health Services at (530) 891-2850. If you are in crisis contact this number or dial 911. [EC 49428]

Suicide Prevention

As suicide is a leading cause of death among youth and personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact, and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and counseling (including for bereavement). [EC 215, 31180-32289, 49060-49079, 49602, 49604; GC 810-996.6; PC 11164-11174.3; WIC 5698, 5850-5883; BP 5141.52]

■ Drug, Alcohol, and Tobacco Prevention

The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs, alcohol, or any form of tobacco product on District premises or as a part of any District activity is strictly prohibited. "Tobacco product" is defined as (i) any product made or derived from tobacco or nicotine that is intended for human consumption, regardless of how consumed; (ii) an electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device (commonly known as "e-cigarettes"); or (iii) any component, part or accessory of a tobacco product. Except for members of the military, possession of tobacco by those under 21 is illegal and can lead to a \$75 fine or 30 hours of community service.

It is illegal to possess synthetic marijuana. The District has adopted no smoking policies that are not part of the TUPE program. The District has adopted a policy banning electronic-cigarettes (e-cigarettes) and other vapor delivery devices. [EC 48900, 48901; HSC 11357.5, 11375.5; BPC 22950.5(c); PC 308; BP 3513.3]

This district may seek funding to support student programs. The district qualifies for Tobacco Use Prevention Education (TUPE) grant money. Money for the grant comes from Proposition 99 (1988) that added a 25¢ tax on each pack of cigarettes. In grades 6-12, TUPE funds support health education efforts aimed at the prevention and reduction of tobacco use by students and provide intervention and cessation services to students currently using tobacco. All recipients will adopt tobacco free district policies as well as post “Tobacco Use Is Prohibited” signs at all property entrances. [HSC 104350, 104420, 104460]

Marijuana (Cannabis)

A student who unlawfully possessed, used, sold, otherwise furnished, or was under the influence of cannabis is subject to expulsion. Any person 18 or older who possesses, sells, dispenses, distributes, furnishes, administers, gives; or offers to sell, dispense, distribute, furnish, administer, or give; or possesses for sale any, concentrated cannabis, synthetic cannabinoid compound, or any synthetic cannabinoid derivative, to any person, can be imprisoned in a county jail not exceeding six (6) months, or by a fine not exceeding \$1,000, or by both. Any person 18 or older possessing marijuana on district property during the school day, depending on the amount and number of offenses, can face consequences including \$250 to \$500 fine and imprisonment for ten (10) days. Any person younger than 18 possessing marijuana, depending on amount and number of offenses, faces up to forty (40) hours of community service, ten (10) hours of drug education, sixty (60) hours of counseling. [EC 48900; HSC 11357, 11357.5]

Opioid Facts

Opioids are naturally found in the opium poppy plant. Some opioid medications are made from this plant while others are made by scientists in labs. Opioids have been used for hundreds of years to treat pain, cough, and diarrhea.

The most commonly used prescription opioids are oxycodone (OxyContin®), hydrocodone (Vicodin®), codeine, and morphine. Percodan, Darvon, Demerol, Dilaudid, and Lomotil are also opioids.

Heroin too is an opioid, but it is not a medication. Sometimes other powerful drugs are added to heroin by

drug dealers, causing doses so strong that people can overdose and even die. In some places, heroin is cheaper and easier to get than prescription opioids. Because of this, people who are addicted to prescription opioids sometimes switch to using heroin instead.

Your brain is full of molecules called receptors that receive signals from other parts of the body. Opioids attach to receptors on nerve cells in the brain, spinal cord, and other organs. This allows them to block pain messages sent from the body to the brain, which is why they are prescribed for serious injuries or illnesses.

When the opioids attach to the receptors, they also cause a large amount of dopamine to be released in the pleasure centers of the brain. Dopamine is the chemical responsible for making us feel reward and motivates our actions. The dopamine release caused by the opioids sends a rush of extreme pleasure and well-being throughout the body.

In the short term, the release of dopamine into your body can make some people feel really relaxed and happy. But it can also cause more harmful effects, like extreme sleepiness, confusion, nausea, vomiting, and constipation. Over time, opioids can lead to insomnia, muscle pain, heart infections, pneumonia, and addiction.

Prescription opioids are used to treat severe pain. People who have major surgeries including dental work, serious sports injuries, or cancer are sometimes prescribed these pills to manage their pain. When taken as prescribed, opioids are relatively safe and can reduce pain in the short term. But if a person misuses the drug and doesn't take them as prescribed, opioids can have dangerous consequences.

Taking someone else's prescription medicine, even if you are in real pain, can be dangerous. Before prescribing opioids, doctors consider a lot of different factors, including the patient's weight, other medical conditions, and potential interactions with other medications they might be taking. Without talking to a doctor, you won't know how the opioids will affect you or what dose you should take. You should never share prescription opioids and only use them when prescribed to you by a doctor.

Steroid Use Prevention

High school athletes must sign a pledge they are not using steroids illegally or they will not be allowed to participate. Parents must sign a form notifying them of the restriction. [EC 49033, 60041; HSC 11032]

■ Type-2 Diabetes Information

Type-2 diabetes is the most common form of diabetes in adults. Until recently it was rare in children; it is

becoming more common, especially for overweight teens. According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type-2 diabetes in his or her lifetime.

Type-2 diabetes affects the way the body is able to use sugar (glucose) for energy. The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells. The pancreas makes insulin, a hormone that moves glucose from the blood to the cells. In type-2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise. Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia which can lead to health problems like heart disease, blindness, and kidney failure.

Associated Risk Factors:

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type-2 diabetes be tested for the disease. Researchers do not completely understand why some people develop type-2 diabetes and others do not. The following risk factors are associated with an increased risk:

Being overweight: The single greatest risk factor for is excess weight. In the U.S.; almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

Family history of diabetes: Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity: Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups: Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type-2 diabetes.

Puberty: Young people in puberty are more likely to develop type-2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms:

Warning signs and symptoms develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type-2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type-2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination

- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Prevention Methods and Treatments:

Healthy lifestyles can help prevent and treat type-2 diabetes. Eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- Eat healthy foods; make wise food choices
- Get more physical activity; increase physical activity to at least 60 minutes every day
- Take medication if diet and exercise are not enough to control the disease

The first step is to visit a doctor who can determine if a child is overweight. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type-2 diabetes).

Diabetes Screening Tests Available:

Glycated hemoglobin (A1C) test: A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

Random (non-fasting) blood sugar test: A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test: A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.

Oral glucose tolerance test: A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type-2 diabetes in children is a preventable/treatable disease and the guidance provided in this information is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

■ Fluoride Treatments

Children are eligible for fluoride treatments through a program organized by the county health officer. Parents will get a record that the treatment was applied. The county health officer will determine how to pay for the program. Parents or a student 18 years old or more have the right to refuse this program using the form provided by the school district. This program is not meant to replace regular professional dental care. [HSC 104855]

■ Confidential Medical Services

School authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardian. [EC 46010.1]

STUDENT CONDUCT

All pupils have the right to participate fully in the educational process, free from discrimination, harassment, violence, intimidation, and bullying. Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

■ School Rules

You have a right to review school and district rules regarding student discipline. If you wish to do so, please contact the school office. [EC 35291, 48980, 51101]

■ Student Dress and Grooming

All students are expected to dress appropriately for school and school activities. Clothing should be safe, clean, and not distracting.

The principal, staff, and parents/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

Coaches and teachers may impose more stringent dress requirements to accommodate the health and safety needs of certain sports and/or classes.

Elementary School Guidelines

In cooperation with teachers, students and parents/guardians, the principal or designee shall regularly review the following district regulations and may establish additional school rules governing dress and grooming. These rules are implemented to eliminate disruptions to the educational process

The following guidelines shall apply to all regular school activities:

1. Shoes must be worn at all times. Shoes or sandals should have a back strap. Students are not allowed to wear 'flip flop' type sandals. Students should wear tennis shoes for P.E. "Heelie" or "Wheelie" type shoes are not to be worn at school.
2. Clothing and jewelry shall be free of writing, pictures, or any other insignia which are crude, vulgar, profane or sexually suggestive or which advocate racial, ethnic or religious prejudice or the use of drugs or alcohol.
3. Hats and caps shall not be worn indoors.
4. Clothes shall be sufficient to conceal undergarments at all times.
See through or fish-net fabrics, halter tops, backless, off the shoulder or low cut tops, bare midriffs and skirts or shorts shorter than mid-thigh are prohibited. Clothing should fit so that the student's stomach is completely covered. Sleeveless types of clothing must be cut close to the armpit, so as not to expose flesh which would be displayed with oversized or ripped out sleeveless garments.
5. Hair shall be clean and neatly groomed. Hair may not be sprayed and/or dyed any unnatural coloring, i.e. purple, green, etc., except for spirit day activities.
6. "Costumes" will not be worn at school except for spirit days or special activities that have prior approval from the teacher.
7. Make-up is not to be applied at school except for special activities that have prior approval from the teacher.

Intermediate School Dress Guidelines

Standard dress and grooming is the responsibility of students and their parents, except in cases where reasonable standards are required in some activities outside the regular school day, and where necessary for reasons of health and safety.

If a manner of dress, grooming and/or appearance disrupts the normal educational process, school administrators shall take necessary action to correct the situation including loaner shirts/change of attire. The following guidelines shall apply to all regular school activities: Footwear that will provide safe participation in school activities must be worn at all times. All articles of clothing, patches or buttons that have slogans advertising alcoholic beverages, illegal substances, or bearing suggestive slogans are not allowed. Hats, caps or other head coverings shall not be worn indoors. Clothes shall be sufficient to conceal undergarments at all times. Pants may not be worn low enough that underwear is visible. See-through or fishnet fabrics, halter tops, off the shoulder or low-cut tops, bare midriffs and skirts

or shorts shorter than mid-thigh are not appropriate attire for school. Personal grooming will not be allowed in instructional areas. Costumes/sleepwear and slippers shall be worn only for approved school activities. School issued sports uniforms are only to be worn at athletic contests, not during P.E. or during the school day.

High School Dress Guidelines

The United States Supreme Court rendered a decision in 2000 that school administrators can establish policies prohibiting conduct, which materially and substantially interferes with the educational process. This includes, but is not limited to, inappropriate clothing or attire. The court noted that it is highly appropriate function of public school education to prohibit offensive language or clothing in public discourse. The First Amendment does not prevent schools from establishing guidelines to prevent the undermining of their basic educational mission.

Standard dress and grooming is the responsibility of students and their parents, except in cases where reasonable standards are required in some activities outside the regular school day, and where necessary for reasons of health and safety.

If a manner of dress, grooming and/or appearance disrupts the normal educational process, school administrators shall take necessary action to correct the situation including loaner shirts/change of attire. The following guidelines shall apply to all regular school activities:

1. Shoes must be worn at all times on campus.
2. Clothing and jewelry shall be free of writing, pictures, or any other insignia which are crude, vulgar, profane or sexually suggestive or which advocate racial, ethnic or religious prejudice, or the use of drugs or alcohol.
3. Hats, caps or other head coverings shall not be worn indoors.
4. Clothes shall be sufficient to conceal undergarments at all times. No holes, rips, or tears that reveal the body. See-through or fishnet fabrics, halter tops, off the shoulder or low-cut tops, bare midriffs and skirts or shorts shorter than mid-thigh are prohibited. No halter, tank or tube tops; no transparent, half, or muscle shirts.
5. Gym shorts may not be worn in classes other than physical education. High School gym shorts and/ or High School sport uniforms may not be worn in classes other than physical education.
6. Hair shall be clean and neatly groomed. Hair may not be sprayed by any coloring that would drip when wet.

No grade of a student participating in a physical education class shall be adversely affected due to the fact that the students does not wear standardized physical education apparel where the failure to wear such apparel is from circumstances beyond the student's control. [EC 49066]

Cellphones, Pagers, Electronic Signaling Devices

Districts may regulate the possession or use of any cellphone, pager or electronic signaling device while pupils are on campus, while attending school-sponsored activities, or while under the supervision and control of school district employees. Use is allowed if essential to student's health as determined by a licensed physician or surgeon. [EC 48901.5]

Safe Place to Learn

It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment, intimidation, and bullying at all school sites and school activities based on actual or perceived characteristics: race, color, ancestry, nationality, national origin, immigration status, ethnicity, ethnic group identification, age, religion, pregnancy, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or association with a person or group with one or more of these actual or perceived characteristics at any school sponsored activity. School site staff trained in anti-bias shall be made known. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. Certificated staff, 7-12 grades get information about helping LBGQT students. Resources about bullying, intimidation, and violence are found through the District and online at www.cde.ca.gov, www.cde.ca.gov/lr/ss/se/bullyres.asp, www.cde.ca.gov/lr/ss/se/bullyfaq.asp, www.cde.ca.gov/lr/ss/vp/ssresources.asp, www.californiahealthykids.org

Bus Safety and Discipline

Bus Cameras

To assist drivers with passenger safety, school buses may be equipped with video recording equipment. Each

bus is equipped with a prominent notice of equipment use. The video recordings may be used by drivers and/or school administration to support the issuance of written citations or student discipline; however, video documentation is not required. Generally, recordings not supporting a citation will be reused within one week. Recordings supporting a disciplinary action will be kept in the transportation office for a minimum of ten days.

Bus Rules

Please take a few moments to review these rules with your children.

1. Before Boarding Bus:

- a. Stand back at least 10 feet from the bus / on the curb when bus is pulling over to stop. Wait to approach the bus door until the bus has come to a full and complete stop. Each bus has a blind spot in the driver's view on the right-hand side and you could be injured.
- b. Arrive at the bus stop 7 minutes before the scheduled time and allow up to 7 minutes after the scheduled drop off time to allow for unforeseen road conditions, etc.
- c. Wait without pushing or shoving to board the bus.
- d. Use handrails while boarding the bus.
- e. Present driver with your pass or ticket.
- f. No glass containers of any kind are allowed on the bus.
- g. Do not bring specimens (i.e. spiders, mice, snakes, or any animals) onto the bus. These can get loose and cause a distraction which might result in a serious accident.

2. General Behavior While in the Bus -Authority of Driver:

Pupils transported in a school bus shall be under the authority of, and responsible directly to, the driver of the bus. The driver is responsible for the orderly conduct of the pupils while they are on the bus or being escorted across any street. Continued disorderly conduct or persistent refusal to respect the authority of the driver shall be sufficient reason for a pupil to be denied transportation. A bus driver shall not require any pupil to leave the bus between home and school or other destinations.

- a. Each pupil may be assigned to a designated seat and shall not be permitted to move from the assigned seat except upon permission from the bus driver. Students are to go to their seats promptly after boarding the bus.

- b. No part of the body may be extended out of the windows.
- c. The students must close all bus windows when so directed by the bus driver.
- d. Pupils must sit on their seat and face the front of the bus while keeping feet, hands, books, etc. out of the aisle and clear of emergency exits.
- e. No pupil is permitted to interfere with or mistreat the property of another pupil or their well being.
- f. Food, beverages or gum are not allowed on buses with the exception of clear water in a spill free/non glass container.
- g. Playing musical instruments, electronic devices or radios, whistling, yelling, loud talking, profane language, throwing articles, shooting rubber bands, scuffling, teasing, chastising, annoying, making fun of others, or any other unnecessary disturbance is prohibited.
- h. No cleats or "spikes" are allowed to be worn on the bus by any student.
- i. Damage to buses occurring as a result of carelessness, willful misconduct, negligence, malicious destruction, etc. shall be the financial responsibility of the parent/guardian of the student causing the damage.
- j. The students shall not light matches, lighters or firecrackers.
- k. Students are not to speak to the driver while the bus is in motion unless granted permission by the driver or in case of an emergency.
- l. Students shall not stand while bus is in motion.
- m. The students shall not possess or use tobacco, alcohol, or illegal drugs at the bus stop, or on the bus.
- n. The cooperation of all pupils and parents is necessary for safe transportation of students on our school buses. Each student's safety depends on everyone following these safe guidelines for travel.

Reminder:

PLEASE do not park in the fire lane when picking up your child. Remain a safe distance from the buses. Vehicle traffic near our buses creates a serious safety hazard.

3. When Leaving the Bus:

- a. Depart the bus in orderly fashion, as directed by the driver.
- b. When red lights are used to control traffic, cross in front of the bus.
- c. At street corners, crosswalks, and signal control intersections, students should cross the street after the bus leaves.
- d. Go directly home after leaving the bus.

4. Other Regulations:

- a. A student cannot leave the bus at any stop except his/her own unless they have given their driver a written note signed by their parent.
- b. A student cannot ride any bus other than his/her regular unless they have given the driver a written note signed by the parent AND approved by the school office.
- c. Parents shall not take their child from the bus at a stop other than the regular stop unless the parent is satisfactorily identified by the driver. The parent needs to prove their identity to the bus driver as they are responsible for the safety of the child.
- d. If an accident should occur, children are expected to stay on the bus until a person in authority arrives to conduct an investigation. (This situation presumes a minor accident where the bus need not be evacuated for the safety of the passengers.)

5. Bus Citations:

Occasionally it becomes necessary for a driver to issue a bus citation to a student for inappropriate behavior. When this occurs, the following transportation disciplinary procedures will be followed:

One Citation: May be considered a written warning or the seriousness of the incident may warrant more disciplinary action. The district reserves the right to revoke the bus riding privileges of any student involved in a serious incident at any time. This riding privilege may be suspended for a length of time deemed appropriate by the site administrator.

Two Citations: Warrants a possible bus suspension of up to ten consecutive school days.

Three Citations: Warrants a possible bus suspension of up to twenty consecutive school days.

Four Citations: Warrants automatic suspension from bus transportation for the balance of the school year. A conference including the student, family, school administration, bus driver(s) and the Manager of Transportation will be necessary in order to resume eligibility for transportation. If you have any

questions, please call J Howell at (530) 895-4690 x 233.

DISCIPLINE

■ Parent Responsibility

Parents or guardians are liable for all the damages caused by the willful misconduct of their minor children that result in death or injury to other students, school personnel, or damage to school property. Parents are also liable for any school property loaned to the student and willfully not returned. Parents' or guardians' liability may be as much as \$20,300 in damages and another maximum of \$11,200 as adjusted annually by the California Department of Education for payment of a reward, if any. The school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom. Civil penalties may also be enforced with fines up to \$25,000. [EC 48900.1, 48904, 51101; CC 1714.1; GC 53069.5]

Vandalism

Graffiti and scratching glass or other material on someone else's property is now considered vandalism and those convicted face fines, imprisonment and the requirement to clean up the damage or perform community service. Parents/Guardians may be liable to pay fines as high as \$10,000 and be required to participate in the clean up. [PC 594]

■ Impersonation on the Internet

Pretending to be another pupil or real person other than yourself on the Internet or through other electronic methods to harm, intimidate, threaten or defraud is punishable by a \$1,000 fine or imprisonment for up to one year. [PC 528.5]

(I) For purposes of this clause, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (A) to (D), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act. (II) For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or

scientific value or that involves athletic events or school-sanctioned activities.

- (B) Notwithstanding paragraph (1) and subparagraph (A), an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
- (3) “Reasonable pupil” means a pupil, including, but not limited to, an exceptional needs pupil, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with his or her exceptional needs.
 - (s) A pupil shall not be suspended or expelled for any of the acts enumerated in this section unless the act is related to a school activity or school attendance occurring within a school under the jurisdiction of the superintendent of the school district or principal or occurring within any other school district. A pupil may be suspended or expelled for acts that are enumerated in this section and related to a school activity or school attendance that occur at any time, including, but not limited to, any of the following:
 - (1) While on school grounds.
 - (2) While going to or coming from school.
 - (3) During the lunch period whether on or off the campus.
 - (4) During, or while going to or coming from, a school-sponsored activity.
 - (t) A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, pursuant to this section, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (a).
 - (u) As used in this section, “school property” includes, but is not limited to, electronic files and databases.
 - (v) For a pupil subject to discipline under this section, a superintendent of the school district or principal may use his or her discretion to provide alternatives to suspension or expulsion that are age appropriate and designed to address and correct the pupil’s specific misbehavior as specified in Section 48900.5.
 - (w) It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities. [EC 35291, 48900, 48910]

Additionally, sexual harassment, hate violence, harassment, intimidation (grades 4-12) and threats and terroristic threats against school officials or school

property or both (all students) may be recommended for suspension or expulsion. [EC 212.5, 233(e), 48900.2, 48900.3, 48900.4, 48900.7]

■ **Mandatory Suspension / Expulsion**

Education Code Section 48915(a): Except as provided in subdivisions (c) and (e), the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent finds that the expulsion is inappropriate, due to the particular circumstance:

2. Possession of any knife, explosive, or other dangerous object of no reasonable use to the pupil.
3. Unlawful possession of any controlled substance listed in Chapter 2 (commencing with section 11053) of Division 10 of the Health and Safety Code, except for the first offense for the sale of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis.

1. Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior or written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.

In those cases, the peace officer will notify the parent or guardian. [EC 48906; PC 11165.6]

PROTECTIONS, COMPLAINTS AND PROCEDURES

The District is primarily responsible for compliance with local, state, and federal laws and regulations; has policies and procedures to address allegations of unlawful discrimination, harassment, intimidation, bullying, and complaints alleging violation of laws governing educational programs, activities, and pupil fees. Employees, students, parents or guardians, school and district advisory committee members, appropriate private school officials and other interested parties are advised of the district policies and how to file a complaint if they so desire.

■ **Nondiscrimination/Harassment**

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying of any student based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school.

Unlawful discrimination, including discriminatory

harassment, intimidation, or bullying, includes physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also shall include the creation of a hostile environment when the prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who files or otherwise participates in the filing or investigation of a complaint or report regarding an incident of discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion for behavior that is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal. [BP 5145.3 March 2015; EC 200-262.4, 48900.3, 48900.4, 48904, 48907, 48950, 48985, 49020-49023, 51500, 51501, 60044; CC 1714.1;

■ Sexual Harassment

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits sexual harassment of students at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer.

Complaints regarding sexual harassment shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual

harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved

5. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
6. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable

Disciplinary Actions

Any student who engages in sexual harassment or sexual violence at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Any staff member found to have engaged in sexual harassment or sexual violence toward any student shall be subject to discipline up to and including dismissal in accordance with applicable policies, laws, and/or collective bargaining agreements.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools. [BP 5145.7 March 2015; EC 200-262.4, 48900, 48900.2, 48904, 48980; CC 51.9, 1714.1; GC 12950.1; 5 CCR 4600-4687, 4900-4965; FERPA; 20 USC 1221, 1681-1688; 42 USC 1983; Title VI; Title VII; 34 CFR 106.1-106.71]

characteristics in any district program or activity that receives or benefits from state financial assistance.

District's Uniform Complaint Process

You may contact your school's office or the District office to obtain a free copy of the district's complaint procedures. The complaint procedure can be used for a variety of issues not mentioned above including but not limited to employee issues and policies and procedures of the district. Confidentiality and privacy shall be respected in all complaint investigations. Complaints alleging discrimination may be filed by a person on their own behalf or on behalf of another person or group of people within six months of the occurrence or when facts

became known. Complaints regarding a special needs student or pupil fees may be filed within 12 months of the occurrence. Complaints regarding LCAP may be filed anonymously. Complaints regarding Pupil Fees may be filed anonymously and with the principal. If a complaint regarding LCAP or pupil fees is valid, then the parents are due full reimbursement. Staff has been trained to deal with these types of complaints.

Those complaining (Complainants) are protected from retaliation and their identities are confidential when related to discrimination. Staff dealing with complaints are knowledgeable about the laws and programs they are investigating. The complaint may be dismissed if complainant obstructs or does not provide all information. If the District acts in the same manner, the finding may be affected.

1. Complaints made under this procedure shall be directed to the Uniform Complaint Officer who is responsible for processing the claims. A complaint under the Uniform Complaint Procedure should be completed within 60 days from the receipt of the complaint. The Superintendent and complainant may agree in writing to extend the timeline.
2. You may contact the UCP Officer to obtain a copy of the complaint process.
3. You may choose to have your complaint mediated.
4. There shall be an investigative meeting after receiving the complaint.
5. The compliance officer shall send a written report about the investigation and decision. There are then five days to appeal to the Board of Education.
6. If you are not satisfied with the results, the complainant then has 15 days to appeal to the California Department of Education. The appeal must include a copy of the locally filed complaint and a copy of the LEA decision.
7. There is nothing in this process to preclude a complainant from pursuing available civil law remedies outside of the district's complaint procedures. Such remedies may include mediation, attorneys, and legal remedies. Civil law remedies may include, but are not limited to, injunctions and restraining orders.

For discrimination complaints, 60 days must elapse from the time an appeal is filed with CDE before pursuing civil remedies except for an injunction. Complaints may also be forwarded to appropriate state or federal agencies in the following cases:
