BLACKBOARD CONNECT INFORMATION (Automated Phone Calling System)

Blackboard Connect is used as a mass informational notification system. We use this system to relay important school information, including minimum day reminders, school closures, school events and attendance notifications. It is an efficient way to keep our campus secure, as well as parents informed and involved.

Please list the phone numbers and/or email addresses where you can most easily be reached.

Please Note: Emergency messages will go to ALL available numbers.
